Indemnity for the loss of working ability shall be paid to a socially insured person to whom the State Medical Commission for the Assessment of Health Condition and Working Ability (SMCAHCWA) has determined the volume of the lost working ability starting with 25 % due to accident at work or the diagnosed occupational disease.

- The amount of indemnity is determined taking into account the average salary subject to insurance contributions calculated for the insured person (income obtained at work) and the degree of loss of working ability determined by SMCAHCWA.

If the insured person has died due to an accident at work or occupational disease, his or her family members who are incapable of work and whom he or she completely or partially provided for, the compensation for the breadwinner shall be paid.

- The amount of indemnity is determined taking into account the average salary of the deceased breadwinner and the number of dependents for which the remuneration is paid.

Service requests

Reimbursement must be claimed within 6 months of the date of determining the degree of invalidity and loss of capacity or the date of death of the insured person. When requesting reimbursement at a later date, it shall be granted only for the previous 6 months before the date of the request for reimbursement.

In order to claim the remuneration, a specific form of application addressed to the SAA must be completed.

May submit a submission:

- on the www.latvija.lv portal;
- on-site (if requested for service, a personal identification document (passport or ID card) must be produced);
- electronically (the application must be signed with a secure electronic signature containing the time stamp);

- by post;
- through the competent foreign authority.

An application may be submitted in person to any VSAA customer service centre or to the unified customer service centres of the State and local governments.

The submission shall indicate the preferred method of receiving the decision.

In requesting insurance compensation due to an occupational disease determined, an opinion regarding an occupational disease, which has been issued in conformity with the regulatory enactments regarding the procedures for the investigation and registration of occupational diseases, shall be submitted.

If the compensation in the event of the death of the insured person is requested by a member of his or her family, the following

- a statement by a medical treatment institution regarding the association of the cause of death with a work accident or occupational disease;
- a judgment of the court concerning the presence of dependants if it is not possible, on the basis of the documents, to establish the fact of full or partial dependability.
