The benefit is paid to a refugee or a person who has been granted alternative status and who is of working age (from the age of 15 until reaching the age required for granting an old-age pension in Latvia).

This benefit is also paid for a minor child to one of the parents or the child's legal representative.

## Process description

### Service requests

To request the service, you must fill in for a particular form submission addressed to the SSIA.

The application must be submitted in person, presenting a personal identification document (passport or ID card).

### Receipt of services

A decision on the granting of a benefit may be obtained on the spot.

The service shall be transferred to the account of the Latvian credit institution or postal settlement system (PNS) at the choice of the recipient.
