As of 1 January 2020, a participant of the 2nd pension pillar who has not yet requested an old-age pension has the right to choose how the accrued funded pension capital will be used in the event he/she dies before the old-age pension has been granted.

A participant of the 2nd pension pillar may bequeath the accrued capital by selecting one of three options:

- to transfer the State pension into the special budget;
- to add the specified persons to the funded pension capital;
- to bequeath it as inheritance in accordance with the procedures specified in the Civil Law.

Following the receipt of an application from a person, the State Social Insurance Agency (SSIA) shall ensure registration of the choice in the social insurance information system and sending of a notification regarding the choice made to the official electronic address of the person or on the portal www.latvija.lv.

The participant of the 2nd tier may change the choice for unlimited number of times by submitting a new application to the SSIA.
